CASE STUDY

Lost Asia Restaurant

PRESENTED BY: HYDER ALI

BITVERO ON BEHALF OF PACIFIC INFOTECH
2, WIER PLACE, STAINES

Introduction

Founded in 2014, Lost Asia is one of the Walthamstow Restaurants in Leyton, London.

A family-run establishment serves the finest of dishes; varying from exquisite curries to flame grilled steaks and Halal burgers.

Project Summary

One of our existing clients Mr. Kaif Abbas had introduced Lost Asia's owner Mr Tahir Mohammad to Pacific / Bitvero for designing a custom-made website that appeals to their potential customers and strengthens the brand identity,
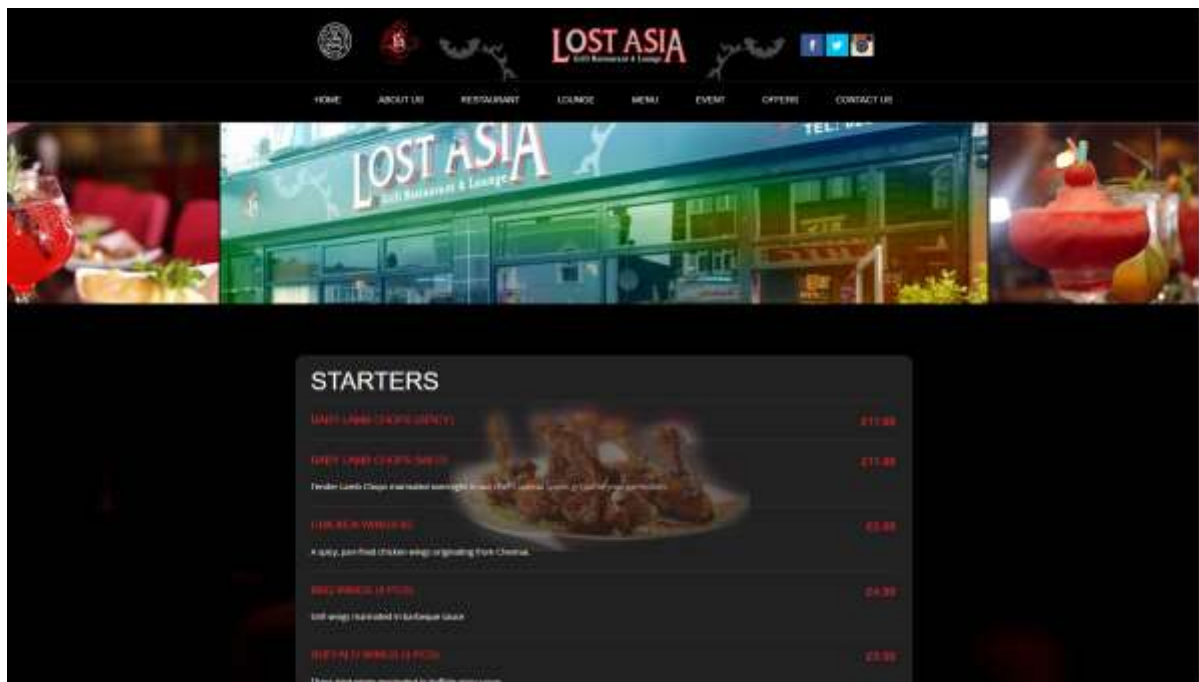

Design Stage Challenges

The client kept a limited budget and looking for a high-end pre & post consultancy with support.

A website in bold and vibrant colours without affecting the user experience and with a crisp book a table section.

Focus for getting maximum conversions, brand awareness and exposure while making the end-user journey simple to make a quick buying decision.

Design assurance for the brand so that they can easily add new functionalities as needed including the placement of USP's across the website.

Our Efforts

We went extra miles to deliver the project as per client's expectations.

A pre-consultation of 4 weeks before undertaking the project,

along with a post-consultation & asset updates for the next ten months patiently after a successful delivery.

Results

The team took the project with an incredibly positive attitude and the effect of which was the successful delivery of the project as per the time-scale and within the suggested budget.

We surpassed client expectations with patience & Professionalism.
